

Fraction addition: show your thinking

Name: _____

Date: 2026-09-22

Show calculation steps or a labeled model. Use the same-sized whole in every model. You may leave a correct answer unreduced. If you are unsure, show what you can do. Teacher records any help provided.

- 1** Calculate $\frac{1}{2} + \frac{1}{3}$. Show how you make equal-sized parts before adding.

- 2** Calculate $\frac{1}{4} + \frac{2}{3}$. Show your equivalent fractions and the sum.

- 3** Calculate $\frac{2}{5} + \frac{1}{10}$. Show your steps. You may simplify your answer.

- 4** A class uses $\frac{3}{8}$ meter of ribbon for one display and $\frac{1}{4}$ meter for another. How many meters of ribbon does it use altogether? Show your working and include the unit.
