

A fresh fraction check

Name: _____

Date: 2026-09-24

Complete both questions independently. Show your working and include the unit in the word problem. Teacher records any assistance rather than prompting answers.

- 1** Calculate $\frac{1}{3} + \frac{1}{4}$. Show equivalent fractions or an equal-whole model that explains your answer.

- 2** Jules uses $\frac{1}{6}$ meter of ribbon for one tag and $\frac{1}{3}$ meter for another. How much ribbon is used altogether? Show your working and include the unit.
